Yes -- I will work with Corp Affairs and get guidance.

It would be great to align on an agenda from EPA so we are prepared.

We can respond to EPA and state:

The MCNEP Team looks forward to meeting you on (proposed time/date). We have prepared a draft agenda below. If you concur, we will ensure we are prepared and include the appropriate people to answer your questions. Please feel free to make any changes to the proposed agenda, and let us know if you have specific questions or concerns.

- Introductions
- Overview of Organizational Structure (don't know if EPA might want to know about equity, financial responsibility, liability, etc.).
- Current Status of Class VI Permit to Inject (preview of our response for 9/22)
- Open Discussion
- Action Items/Close Meeting

The agenda above is off the top of my head so feel free to change. Also think about the need for legal counsel at the meeting.

Regards,
Roya

Hi Roya,

Can you please ensure I'm notified of meeting - as we should have legal representation from SLB as well. Thanks.

Best regards,
Natalie
